Gannett Corporation Selects Genesis Security To Service Their Headquarters In McLean, Virginia

Gannett Corporation has selected Genesis Security Systems LLC of Germantown Maryland to provide maintenance, service and installation support for their integrated Access Control, CCTV and Intercom system at their world headquarters located in McLean, Virginia.

With more than 1,000,000 square feet of commercial space, it is one of the largest single-tenant office buildings in the McLean area, housing both the headquarters for USA Today and Gannett Corporation.

As part of the service plan, Genesis will be providing their Reliable-24 Service Plan, including software maintenance. When asked why they decided to change vendors, Glenn Sandford, Gannett's Corporate Security and Safety Manager, said, "When it comes to service and installation of Gannett's security system, I need someone who can turn on a dime. Genesis brings with it the track record and personal commitment to meet those needs."

For more information about Genesis Security Systems and our capabilities and services, please contact Alan Kruglak at 301-515-4400 or akruglak@gensecsystems.com.
